Hello Alums!

I'd like to introduce you to my almost 8 year-old nephew, Nathan!

Nathan is a determined & social boy with a love of rock music, playing with his lil sis (Ayla) and cousins (he has 48!), cuddles (especially from Grandma & Rico Suave, his therapy dog), & cartoons (check out The Wonder Pets)!

Nathan has a wonderful personality & intellect, but almost no voluntary motor functions due to severe spastic quadriplegic cerebral palsy. He cannot walk or talk & his trouble swallowing has necessitated a feeding tube.

Culminating with a benefit dinner near Chicago in October, Nathan's family & friends are "Uniting for Nathan" to raise money to help with his extensive medical & therapy bills. The most exciting goal for me (which will require maximum success) is to raise enough money for Nathan to get a synthesized speech generating device (similar to Stephen Hawking). This technology would allow Nate to use his eye movements to audibly communicate needs we take for granted ("Dad, can you scratch an itch on my back?") AND NOVEL THOUGHTS (so far Nathan has only been able to communicate with his family, friends & teachers in a "multiple choice format").

As people who value each individual's authentic oral expression (perhaps more than folks in ANY OTHER profession), I wanted to ask you to support Nathan (visit Uniting4Nathan.com).

I am also personally in charge of selling a portion of 'grand raffle' tickets. This is just like what non-profits do: you purchase a $50 ticket for a 1 in 1,000 chance of winning $10,000. There are several other smaller cash prizes, but the idea is that your odds are so much better than the for-profit raffles like state lottery tickets. Just send me an email if you want to purchase a grand raffle ticket: kaminski@unt.edu

Thank you in advance for whatever you can do to help this sweet little boy!

Trish
News from our Alums

Congratulations to Jeff Temple (PhD 2006) who is doing very well as a tenured Associate Professor, Psychologist, & Director of Behavioral Health and Research at the University of Texas Medical Branch - Health in Galveston. After receiving the John B Reid Early Career Award from the Society for Prevention Research in 2013, he was appointed to the Board of the Texas Psychological Foundation. As you may have seen in The Monitor recently, Jeff was also appointed as Vice Chair to the legislatively created state Task Force on Domestic Violence. His prevention approach targets intervention to people as young as adolescents. Check out his interesting & informative 'expert profile' video by googling his name & UTMB.

More ways to keep in touch with the Counseling Program:

Find us on LinkedIn: UNT Counseling Psychology Graduate Students & Alumni

Follow us on Twitter: @UNTCnslngPs

Friend us on Facebook: UNT Counseling Psyc

Once you find us on Facebook and send us a friend request, we will verify that you are an alum, retired faculty, or current student, faculty, or staff member before accepting your friend request. This way we can all share information and news with one another in a private setting where we know only fellow UNT Counseling Program students, faculty, staff, and alum are viewing our postings.

AND, as usual, please send us any news you would like included in our next Newsletter!

Director of Counseling Training: Patricia “Trish” L. Kaminski, Ph.D.
Practicum Coordinator: Larry Schneider, Ph.D.
Interim Director of Counseling & Testing: Timothy Lane, Ph.D.
Chair of Psychology Department: Vicki Campbell, Ph.D.
Director of Psychology Clinic: Randall Cox, Ph.D.
Newsletter Editor/SMART Coordinator: Marciana Ramos, M.S.
SMART Team: Sara Pollard, Kristina Rodriguez, and Shelly Sheinbein

Please send news and updates to: marciana.ramos@unt.edu
Would you like to show your support for the Counseling Program by making a donation? Please print this form to mail in along with your donation.
